# About **APACHE** Legend Group Corp.

## COMPANY PROFILE

Apache Legend Group Corp., a NYC/NYS-certified minority women-led general construction company, has been setting standards in the industry since its establishment in 2018. Specializing in General Contractor and EPC services, we are at the forefront of providing Renewable Energy Solar and EV charger solutions.

## OUR REPUTATION

Recognized for our exceptional service throughout the Tri-state area and Westchester, we have grown to become one of the most respected and trusted minority women construction companies. Our commitment to excellence is evident in our proven track record of delivering projects on time, within budget, and to the highest quality standards, both in the government and private sectors.

# Vision and Mission

## Vision

Beyond being a general contractor, our vision is to evolve into a developer, revolutionizing the construction and development sector. Our goal is to seamlessly integrate various contracting services, taking on complete projects from inception to completion. We aim to be the premier one-stop company for comprehensive development solutions, driven by innovation and a commitment to excellence.

## Mission

Our mission is to deliver unparalleled construction services, tailored to the unique needs of our clients. We prioritize quality, safety, and environmental responsibility, building lasting relationships based on mutual respect, trust, and transparency.

# OUR VALUES

## QUALITY

We are committed to delivering high quality construction work. Using the best materials, skills, and technologies to ensure projects meet or exceed industry standards.

---

## SAFETY

Establish a strong safety culture to protect both workers and clients. A good safety record not only fosters a positive company image but also reduces potential liabilities.

---

## PROFESSIONALISM

Present a professional image in all aspects of the business, from employee conduct to the appearance of construction sites. Professionalism builds confidence in clients and partners.

---

## COLLABORATION

We foster a culture of teamwork, open communication, and collaboration, working together to achieve our shared goals.

---

## SUSTAINABILITY

Incorporate environmentally friendly and sustainable construction practices. This not only aligns with modern expectations but can also attract environmentally conscious clients and projects.

---

## LEGAL & REGULATORY COMPLIANCE

Ensure strict adherence to all legal and regulatory requirements. Compliance not only protects the company from legal issues but also enhances its credibility in the eyes of clients and partners.

Our approach allows us not just to function as a general contractor but to also lead in development projects, setting us apart in the industry.

# Our Services

We provide construction services in which our priority is quality and safety. Our services cover all of New York State, not just Mount Cisco.

# General Construction Services

We specialize in providing unparalleled commercial contracting services.

## Carpentry

Bringing precision and craftsmanship to every project, whether it's custom furniture, intricate woodwork, or structural enhancements, we take care of it all from concept to installation.

## Roofing

Providing durable and reliable roofing solutions, we handle everything from new installations and replacements to repairs and maintenance, ensuring your home or business is protected from the elements.

## Masonry

We specialize in constructing and repairing stone, brick, and concrete structures. Our skilled masons deliver exceptional craftsmanship for fireplaces, patios, walkways, and a variety of other projects, ensuring both beauty and durability.

## Renovation and Repair

General renovation and repair services include a wide range of solutions for you. From minor electrical repairs to complete transformations, our skilled team ensures quality craftsmanship and attention to detail.

## Renewable Energy

We are at the forefront of ushering in a brighter and sustainable future through our cutting-edge Renewable Energy Solar services. Our commitment extends beyond delivering energy solutions – we strive to empower businesses and communities with clean, reliable, and renewable power sources.

## EV Charger

Our team is paving the way for the future of transportation by offering comprehensive EV Charger Solutions. As the demand for electric vehicles (EVs) continues to rise, our services are designed to provide efficient, reliable, and scalable charging infrastructure.

# Remediation Services

## Asbestos Removal

We employ advanced techniques and adhere to industry standards to effectively handle asbestos, mold, lead paint, water damage, and other environmental concerns.

## Mold Remediation Services

Our expert mold remediation services ensure a thorough and efficient removal of mold from your property, addressing not only the visible signs but also the root cause. With a meticulous approach and cutting-edge techniques, we guarantee a safe and healthy environment.

## Lead Paint Abatement Services

Our expert lead paint removal services will safely and successfully remove lead-based paint from your property. We safeguard your family or employees from the hazards of lead exposure through adherence to strict safety standards and utilizing modern technology to ensure a lead-free space.

## Water Damage Restoration

We provide swift and effective solutions to water-related issues in your property. From initial assessment to complete restoration, we handle everything with precision, using advanced drying equipment and techniques to restore your property to its original condition.

## Disaster Emergency Services

Offering rapid response and expert assistance in the aftermath of natural or man-made disasters. Whether it's a fire, flood, storm, or other emergency, our dedicated team is equipped to handle all aspects of disaster recovery, ensuring a quick and efficient return to normalcy.

# Construction Management

## Project Management

We provide customers with strategic insights and industry experience at every level of the building process, from project inception to completion. Most significantly, we guarantee efficient execution and cost effectiveness.

## Procurement Management

We facilitate the sourcing and acquisition of goods, equipment, and services required for your projects. By using our wide network and industry experience, we get high-quality resources at affordable costs, assuring timely delivery and best project results.

## EPC

Our EPC services provides an integrated approach to project delivery that includes engineering, procurement, and construction stages. With an emphasis on integrated solutions, we oversee all areas of your project, assuring smooth coordination, early completion, and budget adherence.

## Program Management

Our program management services monitor many connected initiatives, ensuring that they are in line with your strategic objectives. We achieve project cohesion by synchronizing resources, timelines, and stakeholder communications, which improves overall performance and leads to excellent outcomes.

## Health and Safety

Our health and safety services prioritize your employees' well-being and project compliance with industry standards. We follow strict safety regulations, conduct frequent inspections, and give comprehensive training to provide a safe and hazard-free working environment.

# OUR PROJECTS

Take a look at the projects we've successfully managed, where we consistently exceeded our clients' expectations and achieved outstanding results.

## Roof and Gutter Replacement

Our team stripped the entire roof down to the decking and inspected it for rot, damage, or deterioration. We installed an ice shield on the eaves, rakes, valleys, and roof/wall intersections, along with a new drip edge, new boots for vent pipes, and a new ridge vent. All flashings were provided and installed to match the original, existing components. Additionally, we provided and installed 30-year architectural, self-sealing shingles. We also installed new 5-inch seamless aluminum gutters with a baked enamel finish and leaders. These efforts were essential to ensure the roof's durability and functionality.

**Dutchess County Department of Planning**  
Client

**8 Tower Street, Red Hook, NY 12571**  
Location

**General Contractor**  
Category

## 47493 - C Jamestown Armory

Our team managed comprehensive asbestos and lead abatement activities, including painting and encapsulating multiple rooms and basement ductwork. We upgraded the ceiling to an acoustic suspended system and insulated piping. Additionally, we collaborated with a subcontractor to install epoxy flooring, enhancing the facility's safety and aesthetics.

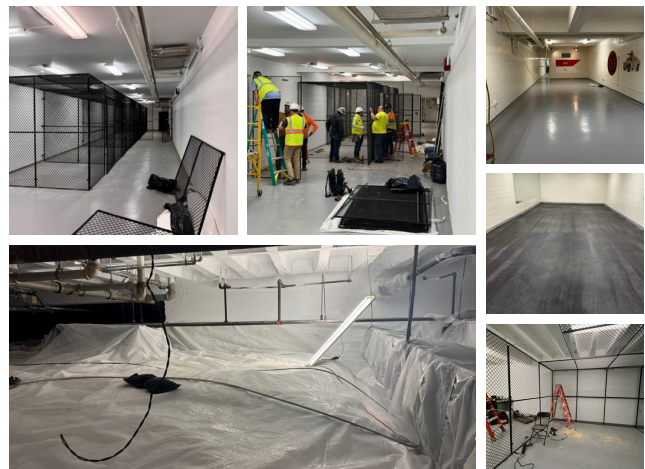

**Office of General Services - Design and Construction**  
Client

**Jamestown, NY**  
Location

**General Contractor**  
Category

## Window, Door, Roof, Gutter, and Siding Replacement

We provided all labor and equipment necessary to undertake a comprehensive renovation project, including the replacement of the roof, exterior siding, leaders, gutters, downspouts, windows, and doors. Our meticulous approach ensures superior craftsmanship and durability, enhancing the aesthetic appeal and functionality of the property while adhering to strict quality standards.

 **Westchester County**  
Client

 **626 North Division, Peekskill NY 10566**  
Location

 **General Contractor**  
Category

## M3110c Manhattan Psychiatric Center - Sub-Basement Moisture Mitigation For Buildings 102 & 106

Our team implemented advanced procedures for mold remediation, cast-in-place concrete, fire-stopping, plumbing, electrical work, and earthwork to address moisture issues in the sub-basement of Buildings 102 and 106. Additionally, we upgraded and integrated the existing building monitoring system to accommodate the new HVAC system, ensuring optimal performance and efficiency. These efforts were crucial in safeguarding the structural integrity of the buildings.

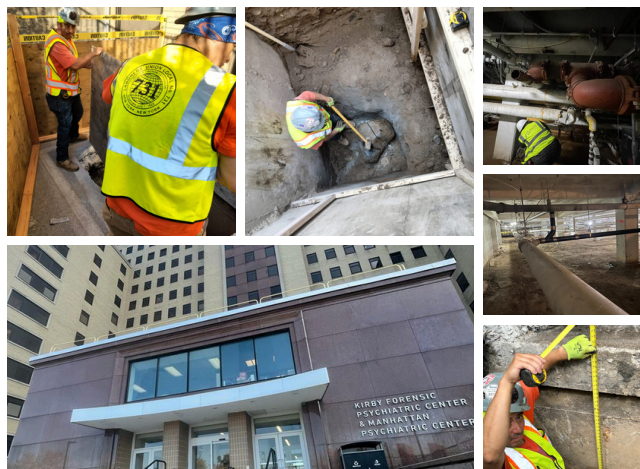

**Office of General Services Design and Construction - Office of Mental Health**  
Client

**600 Rivers, Edge Road, NY 10035**  
Location

**General Contractor**  
Category

## 47492 - C Peekskill Armory

This project involved meticulous asbestos and lead abatement, alongside painting and encapsulation of various rooms and ductwork. We also replaced tiling and partnered with a subcontractor to apply epoxy flooring, ensuring compliance and modernization of the facility.

**Office of General Services - New York - Design and Construction**  
Client

**Peekskill, NY**  
Location

**General Contractor**
